

Successful Transportation at Major Events: Analyses and Case Studies

This publication summarizes important practical experience and research results concerning traffic circulation and transport management for events, and presents them to the public. In comparison to the Manual "Event Transportation", it offers more in-depth analysis and presents selected successful case studies. - Editor: Martin Schiefelbusch (for the Project Network "Events" www.eventverkehr.de). Published in March 2004 as Volume 7 of the "Studies on Mobility and Transportation Research" by *Meta-GIS, Mannheim* (Editors of the series: M. Gather, A. Kagermeier, M. Lanzendorf)

I. Introduction

1. About this Book (M. Schiefelbusch, *nexus*)
2. What is an Event? (Prof. G.W. Heinze, *BfV Berlin*, M. Schiefelbusch, *nexus*)
3. History of Vacation, Leisure and Event Transportation in the Federal Republic of Germany and the German Democratic Republic 1949-1989 – A Comparative Intra-German Perspective (Dr. H.-L. Dienel, *nexus*)

II. Necessary Conditions for Successful Event Transportation

Outline of the organizational dimensions of successful event transportation

1. Transportation Management for Major Events - A Criterion for the Success of Events (M. Bonert, *DLR*)
2. Location Selection and Spatial Aspects of Events and Event Transportation Planning (M. Fliegel, M. Schiefelbusch, *nexus*)
3. Visitors to Events: Transportation Behaviour, Motivation, Attitudes. (Prof. H.H. Kill, J. Flaig, *FH Erfurt*)
4. Factors Influencing the Choice of a Mode of Transportation to and from Events (T. Schäfer, *ptv AG*)
5. Driving – The Underestimated Experiential Dimension of Transportation (Prof. M. Dick, University of Magdeburg)
6. The Experiential Dimension of Travel – Aspects of Public and Communal Transportation (M. Schiefelbusch, *nexus*)
7. New Event Travel Concepts for Coach Tourism (A. Jain, *IASP*)
8. Party-Trams as a New Segment in the Metropolitan Recreational Transportation Market (C. Much, *TU Berlin*)

III. Case Studies of Successful Event Transportation

Putting Successful Organizational Concepts into Action at Key Types of Events

1. Rural Public Festivals: Special Public Transportation Schemes at the *Altstadtfest* (Old City Festival) in *Tauberbischofsheim* (D. Maier, M. Sandhöfner, *Nahverkehrsberatung Südwest*)
2. City Festivals: "The Festival" in Karlsruhe (Dr. P. Heise, Transportation Services, *Karlsruhe*)
3. Garden Festivals: Visitor Transportation at the Federal Garden Show 2001 in Potsdam (S. Frerichs, ift Leisure and Tourism Research, the former *Buga Potsdam 2001 GmbH*)
4. Design Exhibitions: The Transportation Concept for the Expo2000 (E. Klein, *move GmbH*)
5. Public Events: The Veiling of the Reichstag in Berlin 1995 – 5 Million Visitors in 21 Days (Prof. G.W. Heinze, *BfV Berlin*)
6. Decentralized Events: The Swiss National Exhibition Expo02 (W. Schaufelberger, *BS Ingenieur AG*, formerly Expo02)
7. The Tenth World Youth and Student Festival: Experience Gained in the GDR – still pertinent today? (Dr. U. Rabe, *ptv AG*)

IV: Conclusions (M. Schiefelbusch, J. Schmithals, *nexus*)
